

Institute for Clinical Pastoral Training Privacy Policy

Welcome

Your privacy is important to us at the Institute for Clinical Pastoral Training (ICPT). To better protect your privacy, we provide this notice explaining practices and the choices you can make about the way your information is collected and used.

The Information We Collect

You provide specific personal information during the application process. The information includes, but is not limited to: your name, address, e-mail address, telephone number, payment information and your interest in specific types of products and/or services.

Requests for Disclosure:

Except with respect to those requests made by the student himself, those disclosures made with the written consent of the student, or the requests by or disclosures to ICPT officials with legitimate educational interests, or disclosures of directory information (or other exceptions described in the applicable regulations), ICPT will maintain a record indicating the parties who have requested or obtained personally identifiable information from a student's education records and the legitimate interests those parties had in requesting or obtaining the information. This record may be inspected by the student.

Directory Information:

ICPT designates the following information as directory information (directory information is personally identifiable information which may be disclosed without the student's consent):

- Student's name
- Address: Local, e-mail and web site
- Telephone number (local)
- Program of study
- Participation in officially recognized activities
- Dates of attendance
- Certificates awarded
- Photograph of the student, if available
- Enrollment status (i.e., enrolled, continuing, future enrolled student, re-entry, withdrawn)

Confidentiality:

The student's official record is confidential. Any written, audio, video or other materials regarding a student, from initial application material to final evaluation and CPE Supervisor review reports, are confidential and are treated accordingly.

Access:

Students have the right to inspect and review their education records. A student who wishes to inspect and review his/her records should submit a written request to ICPT. The request should

identify as precisely as possible the records the student wishes to inspect. If the requested records are subject to inspection and review by the student, arrangements for access will be made within a reasonable period but in no case more than 30 days after the request was made, and the student will be notified of the time and place where the records may be inspected. The school requires the presence of a school official during the inspection and review of a student's records. The record is not open to third parties without the written permission of the student (See the Release of Information Form in the appendices).

Disclosure:

ICPT generally will not permit disclosure of personally identifiable information from the records of a student without prior written consent of the student. Personally, Identifiable Information (Directory Information) is disclosed (some items are mandatory, some discretionary) from the records of a student without that student's prior written consent to the following individuals or institutions or in the following circumstances:

1. Directory information (See details below)
2. To a parent or guardian regarding the student's violation of any federal, state, or local law or of any rules or policy of the school governing the use or possession of alcohol or a controlled substance if the school determines that the student has committed a disciplinary violation with respect to that use or possession, and the student is under 21 at the time of the disclosure to the parent.
3. To accrediting commissions or state licensing or regulatory bodies to carry out their functions.
4. To appropriate parties in health or safety emergencies.
5. To certain officials of the United States Department of Education, the Comptroller General of the United States, the Attorney General of the United States, and state and local educational authorities.
6. To comply with a judicial order or lawfully issued subpoena.
7. To officials of ICPT who have been determined by the school to have legitimate educational interests in the records. A school official is: a) person employed by the school in an administrative, supervisory, academic or research, or support staff position; or b) any school official who needs information about a student in the course of performing instructional, supervisory, advisory, or administrative duties for ICPT has a legitimate educational interest.
8. To organizations conducting certain studies for or on behalf of the school.
9. To an alleged victim of a crime of violence or a non-forcible sexual offense, the final results of the disciplinary proceedings conducted by the school against the alleged perpetrator of that crime or offense with respect to that crime or offense.
10. In addition to the victim of a crime of violence or non-forcible sexual offense, the School may disclose to other persons the final results of the disciplinary proceedings described in above, but only if the School has determined that a student is (a) the perpetrator of violence or a non-forcible sexual offense, and (b) that the allegation results in a violation of the institution's

rules or policies. The school, in such instances, may only disclose the name of the perpetrator -not the name of any other student, including a victim or witness - without the prior written consent of the other student(s).

Correction of Educational Records:

Students have the right under to ask to have records corrected which they believe are inaccurate, misleading, or in violation of their privacy rights. The following are the procedures for the correction of records:

1. A student must submit a request in writing to amend a record. As part of the request, the student should identify the part of the record they want to have changed and specify why they believe it to be inaccurate, misleading, or in violation of his/her privacy rights.
2. ICPT may either amend the record or decide not to amend the record. If ICPT decides not to amend the record, it will notify the student of its decision and advise the student of the right to a hearing to challenge the information believed to be inaccurate, misleading, or in violation of the student's privacy rights.
3. Upon request, ICPT will arrange for a hearing and notify the student reasonably in advance of the date, place, and time of the hearing. The hearing will be conducted by an individual who does not have a direct interest in the outcome of the hearing. That individual may be an official of ICPT. The student shall be afforded a forum for the opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records. The student may be assisted by other people, including an attorney.
4. ICPT will prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence and the reasons for the decision.
5. If, because of the hearing, ICPT decides that the information is inaccurate, misleading, or otherwise in violation of the privacy rights of the student, it will (a) amend the record accordingly and (b) inform the student of the amendment in writing.
6. If, because of the hearing, ICPT decides that the information in the education record is not inaccurate, misleading, or otherwise in violation of the privacy rights of the student, it shall inform the student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school.
